22 Children who move from their home country to another country as refugees (because it was not safe for them to stay there) should get help and protection and have the same rights as children born in that country.

23 Every child with a disability should enjoy the best possible life in society. Governments should remove all obstacles for children with disabilities to become independent and to participate actively in the community.

24 Children have the right to the best health care possible, clean water to drink, healthy food and a clean and safe environment to live in. All adults and children should have information about how to stay safe and healthy.

25 Every child who has been placed somewhere away from home - for their care, protection or health – should have their situation checked regularly to see if everything is going well and if this is still the best place for the child to be.

26 Governments should provide money or other support to help children from poor families.

27 Children have the right to food, clothing and a safe place to live so they can develop in the best possible way. The government should help families and children who cannot afford this.

Every child has the right to an education. Primary education should be free. Secondary and higher education should be available to every child. Children should be encouraged to go to school to the highest level possible. Discipline in schools should respect children's rights and never use violence.

29 Children's education should help them fully develop their personalities, talents and abilities. It should teach them to understand their own rights, and to respect other people's rights, cultures and differences. It should help them to live peacefully and protect the environment.
